*Re: The Chemical Recovery Systems Site, Elyria, Ohio
General Notice of Potential Liability and Request for Information
Dated March 2, 2001*

Dear Ms. Sheppard-Johnson:

This letter will acknowledge receipt on March 7 of the above-referenced General Notice letter and confirm Eastman Kodak Company's ("Kodak") willingness to participate as a PRP at the Chemical Recovery Systems Site in Elyria, Ohio.

In addition, we would like to request a two-week extension of time in which to reply to the Request for Information. Kodak sold its business at the 3100 Research Blvd., Dayton, OH facility in 1993. Due to the logistics involved in contacting former Kodak employees and current owners/operators of the facility for information and in searching for records, we will need extra time to coordinate the response. We anticipate being able to have a response to you by the close of business on April 23.

We would appreciate your consideration of this request and will look forward to a favorable response.

Very truly yours,

Elliott Stern
